Professional Summary

Backend Developer experienced in building scalable and efficient web applications using Node.js, Express, and TypeScript. Skilled in API design, authentication, and real-time communication with Socket.IO. Proficient in integrating third-party services such as Cloudinary and Paystack, with strong database management skills in MongoDB and SQL. Dedicated to writing clean, maintainable code and mentoring others in backend development best practices.

Technical Skills

- Languages & Frameworks: Node.js, Express, TypeScript, Next.js, GraphQL
- Databases: MongoDB, MySQL, SQL
- Real-time & Caching: Socket.IO, Redis
- API Tools: Postman, Insomnia
- Cloud & Integrations: Cloudinary, Paystack API
- Version Control: Git, GitHub
- Other: RESTful APIs, Authentication, Payment Systems, WebSockets, Deployment

Work Experience

- Teach backend development and scalable application design using Node.js and Express.
- Mentor students on structuring projects, writing clean APIs, and integrating real-world services.
- Supervise and evaluate student projects, focusing on code quality, deployment, and documentation.

Key Projects

Primepit (Backend API)

- Built the complete backend for Primepit, a collaborative web app where users can create up to three profiles after authentication.
- Implemented subscription-based access to mini games using Paystack integration.
- Developed APIs for mini games, authentication, and profile management.
- Stack: Node.js, Express, MongoDB, Socket.IO, Cloudinary, Paystack API, Redis.

Messaging & Notification System

- Designed a real-time messaging platform with Socket.IO supporting online status, typing indicators, and read receipts.
- Added REST API fallbacks for message storage and retrieval to ensure reliability.
- Stack: Node.js, Express, MongoDB, Socket.IO.

Golden Tile Game API

- Developed a timed game API where users guess the golden tile to win rewards.
- Integrated countdown timers, visual states, and balance updates.
- Stack: Node.js, Express, MongoDB.

Education

Higher National Diploma (HND) in Computer Engineering (In Progress)
Abia State Polytechnic, Aba, Nigeria
